BAMISE ENIOLA

BLOCKCHAIN DEVELOPER | PROJECT MANAGER | TECHNICAL WRITER

ONDO STATE, NIGERIA | MALE,29 | BAMENNY@GMAIL.COM

PROFESSINAL SUMARY

Versatile Web3 professional with 4+ years of experience across project management, blockchain development, and technical writing. Skilled at managing end-to-end blockchain projects, building smart contracts, and creating clear technical documentation such as whitepapers and developer guides. Adept at bridging the gap between technical teams and non-technical stakeholders, ensuring products are delivered on time, within scope, and well-communicated to both users and investors. Recognized for adaptability, leadership, and strategic communication in fast-paced blockchain environments.

EDUCATION & CERTIFICATION

2018 - 2023

B.A. Religion & African Culture Adekunle Ajasin University

• Gained critical understanding of cultural systems, communication, and human behavior.

• Developed strong research, analysis, and writing skills applicable in Web3 projects.

Developed strong research, analysis, and critical thinking skills.

DeFi Analysis | Jobberman Skill Acquisition Program |

2021

- Gained practical expertise in decentralized finance products, tokenomics, and risk assessment.
- Strengthened ability to analyze market trends and support data-driven Web3 strategies.
- Strengthened ability to support data-driven decision making in blockchain projects.

Google Project Management Certificate | Coursera

2022

- Mastered Agile, Scrum, project planning, risk management, and stakeholder communication.
- Applied project management frameworks to improve efficiency in real-world case studies.
- Applied frameworks in real-world case studies, improving project delivery efficiency.
- Built a foundation for leading global, cross-functional Web3 teams.

WORK EXPERIENCE

TRIUMPH INTERNATIONA L
ADMIN MANAGER
March, 2017- May, 2020

- Coordinated daily operations and supported multiple ongoing projects, ensuring alignment with organizational goals.
- Managed payroll, processed financial transactions, and prepared financial reports to support accurate budgeting and forecasting.
- Scheduled meetings, managed calendars, and facilitated communication across departments to ensure smooth project execution.
- Oversaw office resources and logistics, contributing to cost efficiency and operational effectiveness.
- Developed and implemented organizational systems that improved time management and task prioritization across teams.

Key Achievements

- Streamlined administrative workflows, reducing reporting time by 20%.
- Supported the planning and execution of 2 company wide events and initiatives.
- Improved payroll accuracy and reduced errors by 17.4% through better process management.

WORK EXPERIENCE

SWIFT AI BLOCKCHAIN
PROJECT MANAGER
April 2024 - May, 2025

- Led a cross-functional team of 4 software engineers, 2 designers, 2 analysts, and 1 QA specialist to develop and launch Swift AI, an AI-powered blockchain ecosystem with an integrated AI-driven decentralized exchange (Ai DeX).
- Directed project planning, resource allocation, and team synchronization across both physical and remote collaboration channels.
- Successfully launched the application 4 weeks ahead of the 14-month target timeline, achieving a go-live in 13 months.
- Managed project valuation of $700,000, coordinating development, testing, and release strategies to maximize resource efficiency.
- Facilitated stakeholder communication, secured ongoing buy-in, and built groundwork for funding initiatives prior to mainnet deployment.
- Delivered live applications now available on Google Play Store and Apple App Store, establishing Swift AI's presence in the market.

Key Achievements:

- Beat delivery deadline by 4 weeks, showcasing effective time and resource management.
- Enhanced collaboration between multi-disciplinary teams, improving productivity and reducing bottlenecks.
- Built strong problem-solving capability, swiftly identifying and resolving development issues to keep the project on track.
- Gained hands-on experience in agile methodologies, project budgeting, and decentralized technology implementation.

WORK EXPERIENCE

TECHBRIDGE CONSULTING NEWYORK REMOTE
ASSOCIATE PROJECT MANAGER March, 2023 - June, 2023

- Supported implementation of enterprise level blockchain pilots for Fortune 500 clients.
- Tracked KPIs, monitored project budgets ($3M+), and prepared executive reports for C-suite stakeholders.
- Mentored junior PMs and introduced process improvements that reduced reporting delays by 40%.

PROJECT MANAGER | TECHNICAL WRITER
FINEDGE SOLUTIONS REMOTE
Jul 2023 – Dec 2024

- Oversaw implementation of a crypto wallet and payment system, coordinating developers and compliance teams.
- Created API documentation and product manuals, improving adoption by partner developers by 35%.
- Improved project delivery success rate by introducing risk management frameworks and Agile workflows.

BLOCKCHAIN HUB
TECHNICAL WRITER Oct 2024 - Feb 2025

- Authored a 15-page NFT staking whitepaper covering tokenomics and governance.
- Produced API docs for a crypto wallet SDK, reducing dev onboarding time by 30%.
- Created user onboarding guides for a DeFi app, boosting adoption by 25%.

ADDITIONAL STRENGTHS

- Strong communicator able to translate technical jargon into business friendly insights.
- Leadership in remote first team environments.
- Proven adaptability in the fast-changing blockchain and crypto landscape.
- Skilled at community engagement and governance, drawing from cultural studies and Web3 experience.
- Excellent technical writing and documentation for developers, users, and stakeholders.
- Strategic thinker with the ability to align blockchain products with business goals.
- Skilled in conflict resolution and stakeholder management in decentralized projects.
- Ability to bridge cultural and technical gaps, enhancing global adoption of Web3 solutions.
- Strong analytical mindset for DeFi research, tokenomics evaluation, and market analysis.
- Commitment to continuous learning and upskilling in blockchain, crypto, and emerging technologies.
